Revelation 18:14 ESV

"The fruit for which your soul longed has gone from you, and all your delicacies and your splendors are lost to you, never to be found again!"

The Late Theologian C. S. Lewis said this: "Like a good chess player, Satan is always trying to maneuver you into a position where you can save your castle only by losing your bishop."

We are walking with the Lord, but there is something that we do have to make sure that we realize and understand in this life that you never want to be a person that is one that is only remembered based on tragedy, and that tragedy is that you are forgotten all because of not following the Lord!

The Lord is in charge of our lives, but are we following the Lord and are we walking with the Lord enough? Can you imagine your life going from a beautiful picture, to then it just falls apart and all you are known for is a case of what you once were. It is possible, and it can happen to where we lose our influence and lose our power because of how we were supposed to follow the Lord, but then our lives have gone nowhere because of how we have lived!

That's how we live or should live with the Lord, that we should live in a way that we live for the Lord, that we follow the Lord, and that we understand the importance of following the right fruit trail! The Lord has the right fruit for us, but are we eating it off of the right tree, or are we eating on the wrong tree that doesn't have any scent of God's presence on it?

We are God's children, and when we are children of God that is something that we have to follow, and when we are living for the Lord don't allow yourself to be a forgotten story instead of a piece of literature to study and remember! It is about following the Lord, and when we follow the Lord we understand and know that in all things the Lord will keep us sane and together, and we can always follow Him with the right spirit.
