[Psalm 119:109 ESV](#)

[I hold my life in my hand continually, but I do not forget your law.](#)

[Mother Teresa once said this: “When you know how much God is in love with you, then you can only live your life radiating that love. —Mother Teresa”](#)

Our lives are so important and valuable when we walk with the Lord, and when you follow the Lord and serve the Lord it is important to follow the word of the Lord. The word of God is very key, and because of the word of God it is the life-changing and life-saving word of God that will make us live, that will make us continue to grow, and that will make us continue to trust in Him!

You have to live with that fiery passion for the Lord and His word, when you follow the word of the Lord it is something that you know that your life is secure, your life is firm, your life is complete, your life is majestic, and your life has meaning. Your life has power because you know that the Lord makes us able to stay firm, and the reason we can stand together is because the word of the Lord has made us alive.

We can live a full life with the word of God. You should be able to live and have a complete and mature life because you know that the Lord is real, the Lord is hope, the Lord is joy, the Lord is grace, and the Lord is our jolt of energy! We should always be a jolt of energy, and when we have a jolt of energy the Lord makes us continue to progress and want to have a better life and have the influence and power in my heart and my mind to always follow Him!

Have a desire for the Lord, and you will never have a thirst that God can't quench!
