[Ezekiel 2:1-2 ESV](#)

[And he said to me, "Son of man, stand on your feet, and I will speak with you." \[2\] And as he spoke to me, the Spirit entered into me and set me on my feet, and I heard him speaking to me.](#)

"A sermon that just informs the mind can give people things to do after they go home, but a sermon that moves the heart from loving career or acclaim or one's own independence to loving God and his Son changes listeners on the spot." - The Late Pastor Timothy Keller

This is the truth that we should always have a hunger for the word of the Lord, and something else is true that a preacher without the Holy Spirit is a preacher that won't have any effectiveness. You can't be effective as a preacher if you aren't filled with the Spirit, and when the word of God is working it will affect us all that we all are growing!

The word of God has the power, and when we have the word of God in our lives something in us should make us want to grow in our lives, grow in our walk, and grow in our faith! A person will never if a person doesn't want to, because sometimes our growth is on us and not others!

When you look at your life you should be on a quest for spiritual growth! If you don't try to improve you can't complain about life being unfair to you, because the word of the Lord is real, the word of the Lord is our lifeline, the word of the Lord is our guide, and the word of the Lord is our meal! However we can never get healthy if we don't eat the full meal, because a person won't be healthy if they only want sweets instead of all food groups!

The word of God will improve and make us grow, and it is always on us to make sure we are taking it all, getting it all, and growing in our walk with the Lord!
