PASTOR G. CHRIS BROWN

"IF I HAD WINGS" (PSALMS 55:6)

- When you have an assignment from God, you're not done with it until you've completed the task God wants you to complete!
- You can't run from problems, because they'll still come with you! It's better to deal with them, and grow through them!
- It's easy to trust God in the sunshine, but can you trust God in the rain especially when you have to take the long route!
- Be careful what you feed your mind when you are going through a storm! Sometimes you can talk yourself out of your deliverance, because you quit too soon!
